Orthopedics and plastic surgery services relocating from Saint-Jérôme Regional Hospital to a new clinic

Saint-Jérôme, July 3, 2020 – As of July 6, 2020, patients needing outpatient orthopedic or plastic surgery care will be directed to the new Clinique médico-chirurgicale des Laurentides (Laurentian Medico-Surgical Clinic).

Thanks to this new clinic, located outside the Centre intégré de santé et de services sociaux (CISSS) des Laurentides, space can be freed up within the hospital to meet different needs.

The CISSS des Laurentides is pleased that discussions with the orthopedists at the Saint-Jérôme Regional Hospital have enabled such a partnership, for the benefit of our patients. The clinic, situated at 305, rue du Docteur Charles-Léonard, suite 204, close to the Saint-Jérôme Regional Hospital, will continue to offer services including consultations, a plaster room and certain procedures without anaesthesia.

The number to reach the Clinique médico-chirurgicale des Laurentides is 450-327-2625.
