The Lachute vaccination site will soon be moving

Saint-Jérôme, August 23, 2021 – The COVID-19 vaccination campaign has been a resounding success and will continue for people aged 12 years and over. The CISSS des Laurentides wishes to inform the public that the Lachute vaccination site will soon be moving to a new address. Details are available on the vaccination page at santelaurentides.gouv.qc.ca.

ADDRESS CHANGE

Site	Last day for vaccinations at this location	New site
Lachute Kevin-Lowe-Pierre-Pagé Arena 80 Hamford Avenue Lachute J8H 3S8	August 28, 2021	Carrefour D'Argenteuil 505 Bethany Avenue Lachute J8H 4A6 Beginning September 2, 2021

“This change of venue is necessary as the arena must resume normal activities. We have therefore had to relocate the site which will now move to the Carrefour D'Argenteuil. This new location meets our requirements since it is easily accessible, in particular for people with reduced mobility”, said Ms. Rosemonde Landry, President and Executive Director of the CISSS des Laurentides.

“We have made sure that the move to the new address will be swift so that we may continue to provide our services without interruption. Individuals affected by the move do not need to do anything. Previously booked appointments will be honoured at the new site, at the agreed date and time. Some people may be contacted to change their appointment. It is important for the public to be aware of this address change, beginning September 2, to be able to go to the right location to get vaccinated”, added Ms. Landry.

So far, 67% of the population in the MRC d'Argenteuil have been fully vaccinated. “The public is asked to move up their appointment for a second COVID-19 shot. A minimum interval of 4 weeks between doses is required. Getting vaccinated is the best way to protect against variants of the virus”, concluded the President and Executive Director.
