COVID-19 vaccination

New location in Rivière-Rouge

Saint-Jérôme, November 11, 2021 – Starting November 18, a new vaccination clinic will open in Rivière-Rouge. The Centre intégré de santé et de services sociaux (CISSS) des Laurentides is proud to provide the population with an additional site where they can get vaccinated.

The new site will be located on the first floor of 3215, route 117 in Rivière-Rouge. For more details on the opening hours of this location, visit <https://www.santelaurentides.gouv.qc.ca/english/covid-19-vaccination/>

“It was crucial for us to offer local service to the Antoine-Labelle MRC population. It will also be possible to get the flu vaccination, with an appointment, at the same location. Simply ask our vaccination teams,” said Ms. Rosemonde Landry, President and Executive Director of the CISSS des Laurentides.

For those who have questions about COVID-19 vaccination, simply email covid-19.vaccination.questions.ciSSLau@SSSS.gouv.qc.ca or call 1-86-495-5833, a healthcare professional will reach out to discuss with you. A shuttle service is also available on demand for people with restricted mobility or without the means to reach our vaccination sites. Simply call the same number.

There are multiple ways to get vaccinated in the Laurentians, with or without an appointment in one of our vaccination site, by using the NotifVax app, or in one of our mobile vaccination units. For more details, visit santelaurentides.gouv.qc.ca.
